

# PRIVATE LABELED AIR FILTERS & DRYERS

## ANY COLOR, ANY LOGO

### YOU DEFINE IT, WE DESIGN IT

Explore our capabilities of custom air filters and drying options for pneumatic applications. Our goal is to provide you with the ideal compressed air set-up: designing systems that remove liquids, vapors, particulates, and more.

Having a system tailored to you gives you the ability to showcase your brand on common applications while providing state-of-the-art air drying and filtering.

### CUSTOM CONFIGURATIONS

With our simple product design, you can configure a system that's perfect for your desired air quality standards.

- Multiple drain options
- Controllers & timer valves
- Wall, Tank, and "No Wall" mounts
- Power source options
- Interchange filters & drying towers

## WHY TSUNAMI?

Selecting the proper air treatment products for your shop is essential in avoiding the pitfalls of bad air. Many cheap filters and dryers do not effectively remove all the contaminants and may require constant servicing or replacement.

With Tsunami, you can expect the clean, dry air your shop needs to run effectively AND enjoy minimal servicing with years of performance. Designed, manufactured, and assembled in Minnesota. Supported with world class customer service.

### ✓ CUSTOM DESIGNED

Our team of pneumatic specialists excel in the rapid design of custom air treatment systems that are tailored and configured to seamlessly integrate with your applications.

### ✓ PRIVATE LABELED

Filter housing are highly customizable, with the ability to add any logo and are available in a variety of colors to tailor to your brand.

### ✓ MADE TO ORDER

Vendor managed inventory to ensure timely orders and saved designs for reliable streamlined restocking.
